

Farmer CSA Mini-Grant Program March 2020

Please submit completed application to megan@malamakauai.org

Mālama Kaua'i is administering a rapid release mini-grant program to Kaua'i farmers serving kupuna. Each farm is eligible for up to \$500 to be used to support new or expanding CSAs with multiple pick-up points or home deliveries, allowing kupuna to maintain social distancing. We expect to award approximately 14 grants based on currently available funding, on a first-come, first-qualified basis. Program may be extended if more funding becomes available, or new alternative farmer programs announced. Please join Kaua'i Farm News e-newsletter for updates. Awards are expected to be distributed, if approved, within 1 week of application submission until funds are exhausted. To be eligible for the program, farmers must:

1. Be actively offering a produce-focused CSA with home delivery and/or multiple pick-up points
2. Submit their listing to be publicly available on our "Buy Local" directory (www.malamakauai.org/mk/buy-local-produce) - email listing to Megan@malamakauai.org
3. Be an approved participating vendor for Hawaii Food Bank Kaua'i Branch's Senior Farmers Market Nutrition Program (applications are available at: www.malamakauai.org/mk/kauai-farmer-connection)

Mini-Grant Application

Farm Applicant Information

Name: _____ Phone: _____ Email: _____
